

The image is a screenshot of a Telegram application interface. On the left is a dark sidebar with navigation icons at the bottom (three horizontal lines, a plus sign, a heart, a paper plane, a video camera, a magnifying glass, a home icon, and a camera icon). The main contact list on the left shows a profile for 'piea64491' with a dropdown arrow, a 'Note...' button, a profile picture of a person with a white circle over their face, and the text 'Your note'. Below this is a 'Messages' section with a 'Requests' header. It lists two contacts: 'K.Varshith Reddy' with a profile picture of a man wearing a mask and the text 'Hib hkbch funchf biilct · 11m', and 'Dwayne Johnson' with a profile picture of a man and the text 'This account can't receive your message bec... · 1h'. The right side of the screen shows a chat conversation with 'K.Varshith Reddy'. The chat has a dark background. It contains three blue outgoing messages: a long alphanumeric string, a string with brackets and letters, and another alphanumeric string. There are two timestamps: '22:26' and '23:00'. At the bottom of the chat is a text input field with a smiley face icon and the placeholder text 'Message...'. At the very bottom of the screen is a row of three icons: a microphone, a paper plane, and a heart.
